SIR,

Acquisition of 570 and 570 Sq.Ft of land out of Khaneshumari Nos. 1 & 2 of Basavapatna village, Arkalgud Taluk for opening a path to the houses on the southern side of the Veerabhadra temple at Basavapatna.

==========

Adverting to your memo No. L.2162 dated 23-9-1931, forwarding copy of your letter No.L.2161/V.P.13-31-22 dated 23rd September 1931, addressed to the Compiler, Mysore Gazette, regarding the acquisition of the above, I have the hohour to state as follows:-

It is seen from the records that Mr. Appusetty of Basavapatna village, Arkalgud Taluk, renovated the temple of Veerabhadradevaru at the place which was in ruins and put up compound wall on all sides of the temple except on the southern side. He wanted to have the compound wall on this side also, when a few villagers petitioned to the Deputy Commissioner that free passage to their houses would be obstructed if permission was given to erect a compound wall on the southern side also. The Petition was forwarded to the Sub Division Officer, for personal inspection and enquiry. Mr. N. Subba Rao, the then Sub Division Officer inspected the spot on 7-9-1925 and reported that it was not advisable to put up the compound wall on the southern side as it would obstruct the path leading to some houses. Mr. Venkatrangam, the then Deputy Commissioner inspected the spot on 24-3-1928 and agreed with the opinion of Mr. N. Subba Rao.

Mr. Appusetty is agitating all along that he may be permitted to construct the compound wall on the southern side also. The present Sub Division Officer Hassan (Mr. Mallikarjuniah) has inspected

inspected the village on 17-7-1931, and states that Mr. Appusetty has spent from his pocket good lot of money and has repaired the temple and has put up compound wall on all the three sides and the southern side is open, that the prayer of Appusetty that he may be permitted to close this portion also is reasonable in order to prevent sweepings being ~~kkk~~ thrown into temple compound andto prevent donkeys and cattle rendering the premises dirty. He further states that when the then Deputy Commissioner and Sub Division Officer passed orders on the subject, the question of providing a passage to those who would be inconvenienced by the closure of the path on thesouthern side of the temple was not considered and for this reason, the permission was refused. It has now been proposed to provide a passage to the houses which would be inconvenienced by the closure of the path on the southern sid of the temple and the cost of acquiring the adjoining vacant site required for this passage at four annas per square yard amounts to Rs. 36-8-0 including statutory allowance, have been recovered from Mr. Appusetty and credited to panchayet funds.

The villagers and the Village Panchayet Members have no objection to this arrangement and state that Mr. Appusetty may be permitted to put up the compound wall on the southern side of the temple also to improve the sanitation of the locality. Mr. Appusetty in his statement dated 20-3-31 statesthat he is prepared to pay more if necessary towards acquisition charges at the time of passing of award and reques for permission to put up the compound wall.

Both the Amildar and the Sub Division Officer recommended tha the acquisition proposed was necessary and accordingly the preliminary notifications were published in Part III of the Mysore Gazette dated and no objections have been received so far in the matter.

In these circumstances, I recommend that the acquisition proposed in the above may kindly be sanctioned, the Sub Division Officer Hassan being appointed to perform the functions of a Deputy Commissioner under the Land Acquisition Regulation and authorised to take order for the acquisition of the said properties.

The

"/ Under the Land Acquisition Regulation, no declaration can be made unless the compensation payable is to be paid by a Company or wholly or partly out of public revenues or of some fund controlled by a local authority. In this case none of these conditions are satisfied. The difficulty cannot be got over by crediting the amount paid by private parties interested in the acquisition, to public revenues or some local fund & then paying it out for private purposes. As stated in 1926 Madras (A.I.R.) 1099, "When money is paid into a government treasury by the hands of one private individual for the purpose of being used as compensation to be paid for the acquisition of land and after passing intact through the Treasury is paid out into the hand of another private individual, it cannot with

SIR,

Subject:—

I have the honour to forward herewith final notifications under sections 6 and 7 of the Land Acquisition Regulation in duplicate both in English and Kannada in respect of 20 guntas of land out of S.No.15 in Jodi Pattandur village, Krishnarajpuram Hobli, Bangalore Taluk, proposed to be acquired for a bore-hole for water supply to the Whitefield Colony and to request you to be so good as to obtain Government sanction to the acquisitio and cause the same to be published in the Mysore Gazette,

The cost of acquisition will be met out of the Lottery Fund and the value of the land is estimated at Rs.100/- per acre. A sum of Rs.50/- being the compensation, has been paid by the Secretary to the Lottery Trust Fund and the same is kept under Revenue Deposit. The party concerned has given a statement on 24-4-1931 to the effect that he has surrendered the land required for payment of compensation at the rate of Rs.100/- per acre.

The Compiler, Mysore Gazette may kindly be requested to forward to this office 20 printed spare copies of the notifications for wide publication in the locality.

The correspondence ending with Bangalore Sub Division Officer's report No.B1-947/30-31 dated 12-5-1931 is also enclosed herewith for kind reference and return.

I have the honour to be,
